FERNANDA FORTES CHAVES

Profesional goal: Full-Stack developer

Programmer with experience in Front-end and Full-Stack, in addition to performing some freelance services as a graphic designer.

At LVEngine, I was responsible for implementing institutional and e-commerce websites, in the company's Back-Office, for creating Jquery functions, PHP maintenance, adding responsiveness, training, and customer service.

At Advance, I am responsible for developing and managing the company's website and, together with the marketing team, I was responsible for developing product data sheets and updating catalogs.

Now, I seek to use my knowledge to optimize my knowledges, presente creative ideas and be a active member. In addition of the opportunity to help the a company to demonstrate the value of his services and quality.
